Syreon ACADEMY

Training program
in health economics & outcomes research
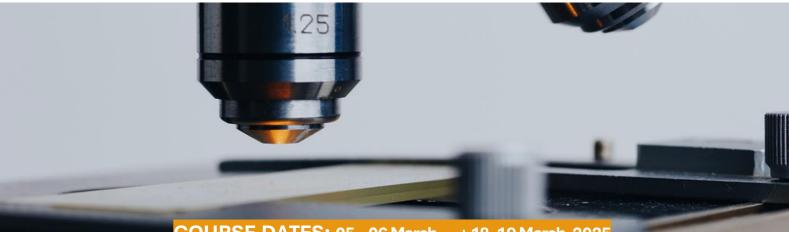

organized by

syreon Research Institute   **and**   **syreon** Research Romania

BUCHAREST

COURSE DATES: 05 - 06 March and 18 -19 March, 2025

For Whom?

For researchers, clinicians and public decision-makers representatives of the private health care sector who are involved or interested in evidence-based health care financing decisions.

Why?

Due to limited health care resources the efficiency of health care financing has to be improved in lower income European countries. Evidence informed pharmaceutical pricing & reimbursement decisions are based on the assessment of clinical benefits, economic value and affordability. Syreon Academy will provide problem-based courses; theories, concepts, and methods will be illustrated with exercises.

Modules

1. HTA (1): evidence synthesis — 05 March 2025 - Prof. Zoltán Vokó
2. HTA (2): economic evaluation & budget impact analysis — 06 March 2025 - Prof Zoltán Kaló
3. Health care financing — 18 March 2025 - Prof Zoltán Kaló
4. Evidence based pharmaceutical pricing & reimbursement — 19 March 2025 - Prof Zoltán Kaló

Each module consists of
- 2 online webinars - access will be offered before the live training day
- 1-day live training - dates are mentioned for each module
- test questions
